RULING ON ENTITLEMENT¹

On December 7, 2020, Laura Cosden filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a right shoulder injury related to vaccine administration (“SIRVA”) caused by a tetanus, diphtheria, and acellular pertussis (“Tdap”) vaccination on March 27, 2020. Petition at 1. Petitioner further alleges that the vaccine was administered within the United States, that she suffered from her injury for more than six months, and that neither Petitioner nor any other party has received compensation in the form of an award or settlement for her vaccine-related injury. Petition at 4-5. The case was assigned to the Special Processing Unit of the Office of Special Masters.

If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

On March 9, 2022, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent concluded that Petitioner has satisfied the criteria set forth in the Vaccine Injury Table and the Qualifications and Aids to Interpretation for a SIRVA. *Id.* at 5. Respondent further agrees that Petitioner has satisfied all legal prerequisites for compensation under the Vaccine Act. *Id.* at 6.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
